EXPERIENCE

CollabPoint, LLC

APR 2025 - PRESENT

Role: *Senior Project Manager*

- Directed and managed a portfolio of Microsoft Cloud solutions projects, serving as the primary project manager point of contact for clients, senior management, and technical teams.
- Developed and managed comprehensive project plans, timelines, and resource allocation for Power Apps implementation and SharePoint migration projects.
- Led weekly project status meetings with clients, presenting tailored analytics and project performance indicators using Power BI.
- Monitored project progress, using Azure DevOps or Microsoft Project to identify deviations and take corrective actions.
- Identified and developed mitigation strategies for technical, security, operational, and financial risks.

Cherry Bekaert Advisory LLC

SEP 2022 - FEB 2025

Role: *Customer Success Project Manager*

- Directed and managed a portfolio of client implementation projects, including Microsoft 365, Automation, Data Analytics, and Tableau Cloud, ensuring alignment with the statement of work.
- Acted as the central point of coordination, leading weekly project status meetings and presenting tailored analytics using Power BI.
- Identified and addressed project issues and risks by analyzing early challenges and developing mitigation strategies with the delivery team.

Key Accomplishment:

- Generated \$1 million in annual upsell revenue by identifying client needs and collaborating with delivery teams to provide tailored solutions.
- Accomplished a 78% project completion rate for FY24.

Bloomberg Industry Group

APR 2020 - SEP 2022

Role: *Enterprise Customer Service Partner*

- Proactively managed a portfolio of 30+ law firm accounts, implementing targeted strategies, including user onboarding and training workshops.
- Drove a significant increase in user adoption by demonstrating the Bloomberg Law platform to clients, resulting in improved user satisfaction.
- Mentored and empowered Client Service Associates to achieve product mastery and certification through strategic mentorship, improving overall team performance and client service capabilities.

Key Accomplishment:

- Boosted user retention rates by 10% for FY21.

Civis Analytics

JUN 2018 - APR 2020

Role: *Customer Success Manager*

- Developed strong partnerships with 15 nonprofit and advocacy clients, providing strategic guidance to support their organizational objectives utilizing Civis' data science platform.
- Drove business growth by leading proposal development for PaaS projects and managing service licensing updates.

Key Accomplishment:

- Increased customer retention and product adoption by 8% among key accounts in FY19 through establishing repeatable engagement models.
