BRITTNEY YOUNGER GASSEN, PMP, SAFe CSM

Lorton, VA | 301.452.9186 | byounger10@gmail.com |

PROFESSIONAL PROFILE

Customer Success leader and PMP-certified Project Manager with 14+ years of experience helping enterprise accounts get the absolute most out of their software investments. A proven trusted advisor who loves bridging sales, product, and client teams that provide seamless onboarding experiences, drive feature adoption, and protect retention. Deeply committed to digital fluency through the use of tools like Copilot and ChatGPT daily and turning complex data insights into plain-English business wins.

PROFESSIONAL HIGHLIGHTS:

- **Holistic Relationship Ownership:** Proven track record managing end-to-end post-sale client relationships, customer advocacy, and enterprise account growth across 14+ years.
- **Digital Fluency & GenAI:** Active daily integration of Generative AI tools (ChatGPT, Microsoft Copilot) to accelerate technical solutioning, documentation, and operational workflows.
- **Cross-Functional Collaboration:** Seamless collaboration and communication helping bridge Sales, Product, and Technical SMEs and driving product adoption, self-service tools, and time-to-value.
- **Value Realization & Retention:** Consistently elevated retention rates (up to +10%) through proactive Customer Success Plans, periodic operational reviews (QBRs), and health monitoring.

CORE COMPETENCIES & TOOLING ECOSYSTEM

- **Client Success & Relationship Ownership:** Enterprise Account Management, End-to-End Onboarding, Retention & Expansion (Upsells), Client Advocacy, Escalation Handling & Crisis Management
- **Adoption & Value Realization:** Driving Product Adoption, Self-Service Tool Promotion, Client Training & Enablement Webinars, Success Planning
- **Program Governance & Strategy:** Cross-Functional Orchestration (Sales, Product, Technical SMEs), RAID Log Governance, Business Case Alignment, Change Management
- **Data & Digital Fluency:** Executive Visualizations & Dashboards (Power BI, Tableau, Alteryx), Utilization Analytics, Client Health Tracking, GenAI Tool Integration (ChatGPT, Microsoft Copilot)
- **Platforms & Methodologies:** Agile/Scrum Methodologies (SAFe 6, CSM), Microsoft Cloud & Azure DevOps, Salesforce, Jira, Confluence, Smartsheet

CAREER HISTORY & TECHNICAL LEADERSHIP

Senior Project Manager - Enterprise Cloud Solutions | CollabPoint, LLC *(April 2025 – Present)*

- Act as the main glue between customer leadership and our delivery teams to shepherd end-to-end cloud migrations and workflow modernizations.
- Embrace digital fluency by weaving Generative AI tools (like Microsoft Copilot and ChatGPT) right into daily workflows to speed up technical solutioning and documentation.
- Set up solid PMO standards, operational metrics, and RAID logs in MS Project to spot delivery roadblocks early and protect project health.
- Run agile sprint planning, backlog grooming, and stand-ups, turning messy technical requirements into clear, digestible user stories for clients.

Customer Success Project Manager - Enterprise Cloud & BI | Cherry Bekaert Advisory LLC *(September 2022 – February 2025)*

- Unlocked $1M in annual expansion revenue by running biannual account reviews and showing clients new product capabilities that directly solved their bottlenecks.
- Guided enterprise and mid-market organizations through complex SaaS implementations, steering them toward faster time-to-value and sticky feature adoption.
- Ran multi-workstream program health, keeping scopes, timelines, and risk mitigation strategies tight to secure high contract renewals.

Enterprise Customer Success Partner | Bloomberg Industry Group *(April 2020 – September 2022)*

- Boosted platform retention by 10% in FY21 by shifting our approach toward proactive engagement and data-informed adoption strategies.
- Built real, trust-based relationships with key executive stakeholders through regular operational reviews, translating heavy usage data into practical performance insights.
- Designed and led customer training webinars to prep clients for major platform releases, feature updates, and workflow shifts.
- Analyzed complex system data into executive-level Quarterly Business Reviews (QBRs) and channeled direct client feedback straight into product and engineering roadmaps.

Customer Success Manager - Data & Analytics Solutions | Civis Analytics *(June 2018 – April 2020)*

- Lifted customer retention and adoption by 8% in FY19 by setting up standardized milestone tracking and value-realization playbooks across 15 enterprise accounts.
- Partnered hand-in-hand with client execs and technical specialists to structure scope, onboarding readiness, and delivery roadmaps for cloud data platforms.
- Stepped in as the main escalation point for complex issues, pulling in cross-functional experts to unblock clients and optimize performance.

Customer Relationship Manager / Business Development Analyst | Harris Corporation / KEYW Corporation *(October 2010 – June 2018)*

- Customer Relationship Manager (2015–2018): Cultivated strong client partnerships and managed operational relationships across a national portfolio of airport entities.
- Business Development Analyst / Operations Analyst II (2010–2015): Built custom Excel VBA macros and delivered data-backed market research reports to drive executive-level decision-making.

EDUCATION & PROFESSIONAL CREDENTIALS

- **Professional Certifications:** Project Management Professional (PMP®) – PMI; Certified SAFe® 6 Scrum Master (CSM) – Scaled Agile; Orchestry Certified Architect; Salesforce Reseller Essentials Enablement
- **Master of Professional Studies (MPS) – Information Visualization:** Maryland Institute College of Art
- **Bachelor of Science (BS) – International Business Studies (Minors: Economics, Chinese):** University of Delaware
